

**Remarks/Arguments:**

The above Amendments and these Remarks are in reply to the Final Office Action mailed October 2, 2008.

Claims 1, 3-21, 23-42 and 44-51 are rejected under 35 U.S.C. 102(e) as being anticipated by Hershberg et al. (U.S. Patent No. 7,155,705).

The independent claims have been amended to add the feature that “the web page group includes a definition file with a web page group extension”. For this reason, these claims are believed to be allowable.

In light of the above, it is respectfully submitted that all of the claims now pending in the subject patent application should be allowable, and a Notice of Allowance is requested. The Examiner is respectfully requested to telephone the undersigned if he can assist in any way in expediting issuance of a patent.

The Commissioner is authorized to charge any underpayment or credit any overpayment to Deposit Account No. 06-1325 for any matter in connection with this response, including any fee for extension of time, which may be required.

Respectfully submitted

Date: October 15, 2008
